---

## PROFESSIONAL SUMMARY

Highly motivated Computer Science graduate with a strong foundation in software development and problem-solving skills. Proficient in modern web technologies such as JavaScript, React, and Node.js. Eager to contribute to a dynamic software development team to create impactful solutions and continue to grow my technical skills.

---

## TECHNICAL SKILLS

- **Languages:** JavaScript, Java
- **Web Development:** HTML, CSS, React, Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- **Other Tools:** REST APIs, Agile methodology

## SOFT SKILLS

- Problem-solving
  - Exceptional communication
  - Attention to detail
  - Team collaboration
  - Time management
- 

## EDUCATION

### High National Diploma in Computer Science

Koforidua Technical University – Koforidua, Ghana

Graduated: May 2023

- **Relevant Coursework:** Data Structures and Algorithms, Database Systems, Web Programming, Operating Systems

---

## PROJECTS

### Herbal Medicine E-Commerce Platform (React, Node.js, MongoDB)

- Developed a full-stack web application allowing users to browse and purchase herbal products.
- Implemented user authentication, product filtering, and payment integration.
- Improved website responsiveness for both mobile and desktop users, enhancing user engagement.

### SurveyTracker Portal (HTML, CSS, EJS, Node.js, MongoDB)

- Developed a web-based application with **CRUD functionalities** to manage clients, jobs, and expenses efficiently.
- Implemented **user authentication** for secure access and role-based permissions, ensuring data protection.
- Integrated **financial report generation** features, providing insights into business performance and profitability.

### Uni Project Funding (PHP, JavaScript, MySQL)

- Developed a platform that enables users to post project ideas and connect with potential investors for funding.
- Implemented **user authentication** and **project posting** features, allowing individuals to showcase their ideas and attract investments.
- Designed a **backend with MySQL** for efficient data storage and retrieval of project submissions, investor information, and funding transactions.

---

## WORK EXPERIENCE

### Web Development Intern

Prodigy InfoTech – Remote | Sep 2024 – Present

- Assisted in building and maintaining websites using the MERN stack (MongoDB, Express.js, React, Node.js).
- Collaborated with senior developers to create responsive, dynamic web applications.
- Optimized website performance, reducing page load times by 15%.

### IT Support Officer (National Service)

Ghana Revenue Authority – Koforidua, Ghana | Aug 2023 – Aug 2024

- Delivered IT support, reducing downtime and enhancing productivity for over 100 staff members.
  - Upgraded systems and ensured security compliance, leading to improved operational efficiency.
  - Collaborated with teams to troubleshoot and resolve tech issues, enhancing user satisfaction.
- 

## CERTIFICATIONS

- **Responsive Web Design Certification** – freeCodeCamp
  - **Full Stack Development** – The Programmer's University
- 

## INTEREST

- Puzzle Solving
- Learning New Technologies
- Fitness And Wellness
- Team Sports
- Volunteering
